Van Derhoof Roofing has been the industry leader in Central New York since 1939. A family run company now in our third generation, **Van Derhoof Roofing** prides itself on our service, dependability, and the quality of work we provide to every customer. Founded by William C. Van Derhoof, his son Bill and grandson Chip continue these principles and expect the same from each of their workers.

Focusing on residential roofing, gutters, and siding, **Van Derhoof Roofing** has the experience to provide homeowners with quality that is unmatched. From the installation of asphalt based shingles to a variety of metal roofing styles, we provide an unbeatable warranty that can't be offered by another roofing company in CNY. Our GAF Master Elite Contractor status is earned from many years as a successful business and countless satisfied customer recommendations. We have been in business for 86 years.

A good lead for our company is being given the opportunity to speak with a homeowner in the market for a new roof or in need of a roof repair. Once we stop by to answer any questions they may have and offer a free estimate for a repair, new roof, siding or gutters, each homeowner will know that there is no other company to consider for the job. Our professionalism, courtesy, and concern for the homeowner are why we can say: **"We're not the best because we're the oldest; we're the oldest because we're the best."**
