Gregg Ordon

CNYHEADSHOTS / GTO Photo

About Me

As a proud member of Peter Hurley's [Headshot Crew](#), I specialize in crafting headshots that don't just capture a face but turn heads, change lives, and open doors.

The [Headshot Crew's](#) commitment to Peter's proven system is what sets our work apart, ensuring that each headshot isn't just a picture, but a powerful tool for personal and professional growth.

My expertise lies in using light, angles, and authentic connections to highlight each subject's unique personality. In event photography, I focus on capturing candid moments and the true atmosphere of the occasion.

Whether in a studio or on-site, I blend technical skill with creative vision, ensuring every image not only meets but exceeds my client's expectations.

My work is more than just pictures; it's about creating lasting memories and impactful professional representations.
