CH Insurance: A Local Champion for Business, Community & Innovation

Rooted in the heart of downtown Syracuse, CH Insurance is a family-owned and operated commercial, personal, and group benefits insurance agency proudly celebrating 25 years of being *In Your Corner*. With a fierce commitment to service, innovation, and community, CH continues to prove that insurance can be personal, powerful, and anything but boring.

Built on Four Cornerstones—Conversation, Collaboration, Change, Community — CH Insurance blends trusted relationships with forward-thinking technology. Their team delivers five-star service across every line of business by being people-first focused and consistently bringing energy, expertise, and heart to the table.

Being an *Economic Champion* goes beyond business for CH—it's about building a stronger Central New York. Over the years, they've supported organizations like McMahon Ryan Child Advocacy Center, Francis House, Joseph's House for Women, the Salvation Army, and dozens more, consistently showing up for the community that helped shape their story.

Digitally driven, CH offers clients 24/7 connection via a secure app, online portal, email, and social media platforms. Wherever and whenever you need them, they're in your corner.

"The future is bright—and we're having fun doing serious work," says President Joe Convertino, Jr. "We lead with connection and bring passion to an industry that people don't always expect it from. ***That's the CH way.***"

Whether you're a client, a team member, or a community partner, CH Insurance is committed to delivering more than a policy—they strive to create impact in the communities they live and work in... by always being **in your corner**.
