Silver Fox Adult Day Centers
Ken Elander ~ Linda Johnstone***

At Silver Fox Adult Day Centers, we are more than a program — we are a welcoming community where older adults feel valued, engaged, and at home.

With locations in Baldwinsville and Manlius, Silver Fox Adult Day Centers provides high-quality social adult day services designed to support seniors and give families peace of mind. Each center offers a safe, structured, and uplifting environment where members enjoy meaningful activities, companionship, nutritious meals, and attentive care throughout the day.

We believe aging should be filled with dignity, purpose, and connection. Our experienced team builds genuine relationships with every member, creating personalized experiences that promote independence, cognitive engagement, and social well-being.

For caregivers, we are a trusted partner — providing reliable daytime support, open communication, and reassurance that their loved one is in compassionate hands.

At Silver Fox Adult Day Centers, we are proud to serve the Central New York Community with warmth, integrity, and heart — helping families stay strong while their loved ones thrive.
